PROGRAM APPLICATION & PERSONAL INFORMATION

Name of Applicant: _____

Gender: _____ Date of Birth (M/D/Y): _____

Applying to program* (check all that apply): ☐ Therapeutic Riding ☐ Grooming
☐ Little Britches ☐ Summer Camp ☐ OT/PT Services

*Appropriateness for SARI's different programs is decided on an individual basis and is best determined by SARI's team of therapists and certified riding instructors in collaboration with the applicant.

Address of Applicant: _____

City: _____ Province: _____ Postal Code: _____

Name of Guardian: _____ Phone: _____

Guardian Email: _____

Contact if other than Guardian (e.g. third party caregiver, group home): _____

Phone: _____ Email: _____

Emergency Contact: _____ Relationship: _____

Contact Phone: (1) _____ (2) _____

Please check all that apply:

☐ The applicant has a diagnosed disability/special need. Note: Physician's referral is required for all applicants with special needs *except* those applying to Grooming. Referral is required for application to be complete.

Disability/Special Need(s): _____

☐ The applicant does not have a diagnosed disability/special need and is applying for SARI's integrated children's programming (Little Britches or Summer Camp).

☐ The applicant has allergies which are: _____

☐ The applicant is currently taking medication (list all): _____

Please indicate the applicant's height (feet/inches): _____, and weight* (lbs): _____

**Note: participation in horseback riding may be limited if the applicant exceeds 170lbs.*

I hereby certify the information provided on this application form is accurate and grant the applicant permission to receive instruction at SARI Therapeutic Riding.

Print Name (Parent/Guardian): _____ Signature: _____

Print Name (Applicant >18 Years): _____ Signature: _____

PROGRAM INFORMATION FOR APPLICANTS

SARI Therapeutic Riding provides opportunities for people with special needs to move towards greater independence and freedom through their connection with horses. SARI offers five programs to include participants of all levels and abilities.

Program	Session Structure	Details on Applying to Program
Therapeutic Riding <i>Horseback riding lessons are specialized to meet each rider's physical, social, communication and independence goals.</i>	30 minutes, once per week Three sessions: Fall, Winter, Spring	<ol style="list-style-type: none"> 1. Complete "Program Application & Personal Information" 2. Complete "Physician's Referral" 3. Submit both documents to the SARI office to consider your application complete.*
Grooming <i>Promotes social interaction on the ground through grooming horses and learning horsemanship skills.</i>	60 minutes, once per week Three sessions: Fall, Winter, Spring	<ol style="list-style-type: none"> 1. Complete "Program Application & Personal Information" 2. Submit document to the SARI office.
Little Britches <i>A fun-filled integrated program open to children with and without special needs, age 4-12. Participants enjoy crafts, games, songs, and a pony ride.</i>	Half days (AM or PM) One Sunday per month Spring (March-June) or Fall (Sept-Dec)	<ol style="list-style-type: none"> 1. Complete "Program Application & Personal Information" 2. If applicant has a diagnosed special need, complete "Physician's Referral"* 3. Submit document(s) to the SARI office. <i>Please include your selection of dates for participation:</i> _____
Summer Camp <i>An exciting day camp for kids age 6 to 18. Participants enjoy horseback riding lessons, crafts, guest speakers, theme days and horsemanship activities.</i>	Full days, 9am to 4pm Monday to Friday, July and August	<ol style="list-style-type: none"> 4. Payment and application are required to hold spot.

*Applicants with special needs will be contacted for assessment by SARI's team of therapists and certified riding instructors to determine suitability for participation in programs. This process costs \$85 (Therapeutic Riding only) and takes up to 60 minutes and includes a portion with horses. This process is mandatory to optimize safety and participant's experience while at SARI. *The \$85 assessment fee is non-refundable.*

SARI THERAPEUTIC RIDING - INFORMED WAIVER AND CONSENT

THIS FORM MUST BE READ AND SIGNED BY EVERY PARTICIPANT, VOLUNTEER AND/OR PARENT/ GUARDIAN WHO WISHES TO PARTICIPATE (OR HAVE THEIR DEPENDENT PARTICIPATE) IN A PROGRAM OR EQUESTRIAN EVENT OF SARI THERAPEUTIC RIDING.

☐ PROGRAM PARTICIPANT ☐ VOLUNTEER

☐ EVENT PARTICIPANT

☐ OTHER

ELEMENTS OF RISK

Horseback riding and other activities involving being in close proximity to horses or horse facilities involve an element of risk. Injuries may occur while participating in activities while riding, handling or being in close proximity to a horse. The following list includes, but is not intended to be exhaustive, examples of the types of injury which may result from participating at SARI Therapeutic Riding:

Fall from horse

Bite from horse

Kick from horse

Stepped on by horse

The risk of sustaining these or other types of injuries result from the nature of the activity and can occur without any fault of the participant, volunteer, fee paying participant, SARI Therapeutic Riding, its employees/agents, or the facility where the activity is taking place. By choosing to take part in this activity, you are accepting the risk that you or your dependent may be injured.

The risk of an injury occurring can be reduced, but not eliminated, by carefully following instructions at all times while engaged in the activity or while in proximity to horses or horse facilities.

If you choose to participate or choose to have your dependent participate, you acknowledge and agree that you bear the responsibility for any injury that may occur. SARI Therapeutic Riding does not provide accidental death, disability, dismemberment or medical expense insurance on behalf of the participants or volunteers participating in their programs.

In addition, you acknowledge and accept that there are risks to your horse (or your dependent's horse) and of liability to third parties or property resulting from the conduct and behaviour of that horse. You acknowledge and agree that you shall be solely responsible for all damage or injury to third parties or property that may result from the actions of you, your dependent and such horse.

In addition to the foregoing, you acknowledge and accept that there may be risks to you and your dependent, and even your horse, of contracting an infectious disease, including but not limited to COVID-19, while being in proximity to other people, horses or horse facilities, even where reasonable care is used.

In exchange for myself, my dependent, or my (or my dependant's) horse being permitted to participate in these SARI activities, I hereby agree:

(i) that I acknowledge, accept and assume all risks and responsibilities as set out above for myself, my dependent, and such horse;

(ii) that I release, discharge and agree not to make any claims of any kind against SARI Therapeutic Riding, its officers, directors, members, employees, volunteers, guests and any land owners, land holders or other persons making property available to SARI Therapeutic Riding, their respective successors and assigns (collectively, the "Released Parties") for any injury, including death, to myself or to my dependent or such horse arising out of or in relation to my or my dependent's or horse's participation in SARI horseback riding or related activities, and any illness or infectious disease, including COVID-19, contracted by myself or my dependent or horse, and any injury or damage to my or my dependent's horse or property, and for any liability arising as a result of claims for injuries or damages or illness sustained by third parties, and injury or damage to the property of third parties, as a result of the actions of myself, my dependent or my or my dependent's horse, (collectively, the "Released Claims"), whether or not such Released Claims arose as a result of the negligence of any of the Released Parties; and

(iii) that I shall indemnify and save harmless the Released Parties, and each of them, from and against any and all claims, demands and/or liabilities arising out of or in relation to my participation or the participation of my dependent or horse in these activities, including without limitation all of the Released Claims, and including without limitation all legal costs incurred by any of them in connection with such claims.

ACKNOWLEDGEMENT

BY SIGNING BELOW, I HEREBY DECLARE THAT I AM OF LEGAL AGE AND I HAVE READ AND FULLY UNDERSTAND AND AGREE TO THE TERMS AND CONDITIONS STATED HEREIN AND THAT IT IS BINDING ON ME, MY EXECUTORS, HEIRS AND ASSIGNS. IF I AM SIGNING AS PARENT/GUARDIAN, I HEREBY DECLARE THAT I HAVE THE LEGAL AUTHORITY TO DO SO. I UNDERSTAND THAT IN PARTICIPATING (OR PERMITTING MY DEDPENDANT TO PARTICIPATE) IN A SARI EQUESTRIAN PROGRAM OR EVENT, I AM ASSUMING ALL RISKS AND RESPONSIBILITIES AS SET OUT ABOVE ASSOCIATED WITH DOING SO.

PERMISSION

I give (name of participant or volunteer) _____ permission to participate in the SARI Therapeutic Riding Program or equestrian event.

Signature of Parent/Guardian: _____ Date: _____

PHYSICAL CONTACT POLICY

Due to the nature of the work at SARI Therapeutic Riding it is understood that physical contact with the participants by staff, instructors, therapists and trained volunteers is necessary.

Physical contact may include the following:

- Assisting riders when mounting.
- Assisting riders when riding a horse to maintain correct, safe posture and position.
- Assisting riders when dismounting.
- Where necessary to address safety and/or behavioural or other concerns, to quickly physically remove a rider from the horse.

Physical contact is undertaken for the well-being of the participant and is undertaken in the interest of providing a safe environment for all. Any physical contact that is necessary will be undertaken with the utmost discretion.

I have read, understood and agree to the terms of the policy.

Signature of Parent/Guardian: _____ Date: _____

Note: It is the parent/guardian's responsibility to notify the office if the status of this consent changes.

Changing Lives
Stride by Stride

Dear Physician,

Thank you for completing the referral form for your patient to apply to participate in the program at SARI Therapeutic Riding. Your comments will help our therapists and instructors decide on this patient's suitability for riding and help them provide a better quality individualized program for the patient. Where possible, please be specific with your comments. The physician is asked to complete the entire form. For this reason, please stamp the final page of the referral with your office's stamp. If any part of the referral is incomplete or completed by the parent/guardian, the form will be returned to the applicant and they will not be placed onto the wait list. Please take the time to ensure each space is complete.

Please review the list of contraindications and precautions, and consider the ones that may be applicable for your patient. A full index of precautions and contraindications is available on our website at sari.ca/precautions. If you have any questions or concerns, contact the SARI office.

Horseback riding puts participants with Atlantoaxial Instability (AAI) at an increased risk of injury including but not limited to falling from a height, sudden movements of the equine, the weight of the rider's helmet, or repeated motion of the rider with every stride of the horse. The presence of neurological signs in individuals with AAI is a contraindication for mounted activities; riding is not considered safe until the participant's condition improves. For this reason, and in accordance with PATH Intl. Standards, SARI Therapeutic Riding requires annual medical clearance for all participants with Down Syndrome, and any other participant with a condition that may present AAI.

Upon receiving your referral and other documentation from the applicant, he/she will be booked for an assessment by a Physiotherapist or Occupational Therapist prior to entrance into our program. This evaluation will assess the rider's abilities on and off the horse and determine the appropriateness of the applied for program. The assessment will also determine special requirements and adaptations needed for riding. The rider may be reassessed should it be warranted.

Working with equines is considered a high risk activity; therefore, the highest standards of safety and therapeutic riding instruction are maintained as per the Professional Association of Therapeutic Horsemanship International.

SARI offers three sessions per year and classes run weekly for 30-60 minutes, depending on the size and ability of the class participants. Depending on the level of the ability of rider, he/she may have a volunteer lead the horse and may have one or two volunteers walk beside the horse to provide physical support. The majority of classes are walk-trot or walk only. Please consider the implications of the horse's gait (i.e. smooth, choppy, animated) on your patient when on horseback, as well as the potential impact of a rider fall from an equine between 4-7 feet from the ground before deeming this an appropriate activity for the applicant.

Thank you again for completing the referral form. If you have any questions about your patient's participation in the program or have other questions about SARI and therapeutic equine programs in general, please do not hesitate to call the office at 519-666-1123.

Sincerely,

Janine Langley
Executive Director

SARI THERAPEUTIC RIDING

CONTRAINDICATIONS AND PRECAUTIONS FOR THERAPEUTIC RIDING

The following conditions may represent precautions or contraindications to therapeutic horseback riding if present in potential participants. Therefore, when completing the physician's referral, please note whether these conditions are present and to what degree. ***Full index of precautions and contraindications is available on our website at sari.ca/precautions.***
